PRESERVE

ENHANCE

For over 15 years Friends of Sabino Canyon has been working to protect, preserve and enhance Sabino Canyon. We have funded repairs from flood and fire damage and supported facilities enhancements, educational activities, trail maintenance and invasive species management. These and numerous other canyon projects have all been made possible through donations to Friends of Sabino Canyon. Support for these activities is ongoing while the canyon is facing new challenges in the form of dramatic weather cycles, changes in creek flow patterns and the pressure of over 1 million visitors a year. Sabino Canyon needs its friends now more than ever. Join us today and help to protect, preserve and enhance this desert treasure. Friends of Sabino Canyon is a 501(c)(3) tax exempt charitable organization.
